Nitrox-Xtended *Y-3524* – supports a fast HDD exchange!

The compact design and the fold-slot opening for the hard drive willl enable a rapid installation of a 3.5" S-ATA hard drive without tools and screws.
Hot-Swap and Plug-& Play are also properties, that the Y-3524 offers.
In addition, an integrated, smoth-running 20mm fan keeps the temperature inside the case at a low level. A rubber stand reduces annoying vibrations.

The compact design allows you to transfer your data very easily and fast via USB 3.0 (SuperSpeed) to nearly every computer or notebook. The solid frame and the smooth side panels offer maximum protection against external influences.
